South Hillsborough School
2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview	By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC. For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/ For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/ For additional information about the school, parents/guardians and community members should contact the school principal or the district office.
DataQuest	DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).
California School Dashboard	The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.
Internet Access	Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

South School seeks to create a rich environment for students to learn and grow academically and socially. On a daily basis and by design, curriculum, pedagogy, and assessment intertwine with the goal of supporting each student's academic growth and social development. Adopting and supporting the mission of the Hillsborough City School District, South School works in partnership with students, parents, and the community to educate the whole child in a nurturing and engaging environment. We empower students to achieve their potential in our ever-changing world, to build resilient critical thinkers who embrace civic responsibility as they strive to become people of good character, effective communicators, global citizens and lifelong learners. South School and the Hillsborough City School District are leaders in educating the whole child in responsive, innovative, learning environments where all students and educators are engaged, empowered and continually striving to reach their potential.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp

Total Teaching Positions	

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Units of Study in Reading (Heinemann) and Units of Study in Writing (Heinemann) from Teachers College Reading and Writing Project in K-5 and Open Court Foundational Skills Kits for K-2 foundational literacy skills are used as supplemental curriculum for Reading/Language Arts. First Steps in Music is also used as a supplemental curriculum for Visual and Performing Arts. Quaver is used in K-5 vocal music. California Studies Weekly was purchased for all K-5 teachers to support history-social studies instruction for the 2021-2022 school year while a team engages in the instructional materials adoption process. Mystery Science is used as a bridge curriculum while a team engages in the science instructional materials adoption process.

School Facility Conditions and Planned Improvements

The Hillsborough City School District inspects all of its facilities, both buildings and grounds, yearly to determine if any major repairs are needed. The District uses a facility inspection tool developed by the State of California's Office of Public School Instruction. Inspection by Buildings and Grounds personnel of the eight emergency facility needs specified in Ed. Code 17592.72c was last completed November 2018. The results of this facility survey are available at the District Office.

In addition, the school district maintains a work order process to ensure efficient service and that emergency repairs are given the highest priority. Work orders can be prepared by a staff member, or suggested by a parent. Work orders are prioritized district-wide by the Supervisor of Buildings and Grounds. The district maintenance staff ensures that repairs necessary to keep the schools in good working order are completed in a timely manner.

Currently, all of our schools employ a full-time day custodian and a full-time night cleaning service. All classrooms, staff rooms and all student and staff restrooms are cleaned, and sanitized nightly. Cleaning schedules and duties are monitored regularly by the sites and the maintenance department to ensure safe and clean schools.

On November 5, 2002, Hillsborough voters passed a $66.8 million Proposition 39 bond measure to finance renovation and new construction projects on all four campuses. The District has modernized, renovated, newly constructed and equipped housing to meet the instructional needs of the students. These funds, along with $2.8 million in State School Facilities funds, were used to upgrade fire, life, safety, and accessibility standards. In addition to facilities, much needed upgrades were made to the District's telephone and voice mail system.

A new two-story building on the Crocker campus opened at the start of the 2009-10 school year. Funded by Measure B bond funds, the building includes a 95-seat science lecture hall, television studio, band room, two computer classrooms, a regular classroom, restrooms, and storage areas. Also completed was the repavement of the black top. Subsequent projects included renovation of the art and multi-purpose rooms, conversion of the old Lecture Hall into a new Science Lab classroom, paving rehabilitation of the driveway and parking lot, conversion of the old band room into a new teaching space, and improvements made to the gymnasium. During the summer of 2014, due to an increased need for teaching space, a leased portable was installed with Developer Fee funds.

During the summer of 2017, Prop 39 funding provided new LED lighting in all classrooms along with occupancy sensors. The parking lot also received new LED lighting.

In the 2019/2020 school year, the school district used remaining funds from the Measure B Bond to upgrade all schools with new data wiring, servers, switches, clocks, speakers and VOIP phones.

B. Pupil Outcomes	State Priority: Pupil Achievement

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments
(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only
Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options
Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Opportunities for parental involvement in the district and at the school site are abundant, and our parents have always given generously of their time, attention, and money. Their efforts mean far more than the material benefits they bring; they make our students and teachers feel valued and important. Such feelings contribute directly to our educational excellence. In the 2019-2020 school year, parents and other community volunteers contributed thousands of hours directly to South School in the classrooms, in the library, helping with hot lunch, serving on committees, and assisting with special service and instructional projects and programs.

Parent volunteers shelve, check-out and check-in library books, serve as classroom volunteers, chaperones and docents and help with many school events such as the STEAM Expo, Reading Tigers, Fathers and Friends Day, Multicultural Day and our community service and service learning projects. Through organizations such as the South Parent Group, the School Site Council, and Parent Ed events, parents learn about activities and instructional programs at the school and set goals to raise student achievement and continually improve the education we provide to our students and their families.

At the district level, thousands of additional volunteer hours are given to fund-raising events, sponsored by the Hillsborough Schools Foundation, such as the general campaign, tennis luncheon, dinner dance, and e-Scrip program. The Hillsborough Schools Foundation provides funds annually to the district in order to enhance the already excellent educational programs. These contributions allow us to enrich our student's educational lives, and to be able to continually look for ways to fine-tune and improve on what we already do so well.

Parents are kept well informed about the school, especially during the pandemic shelter in place period, through the school e-newsletters, Konstella, social media, remote independent study school, district and Board of Trustees meetings, calendars, web pages, parent group meetings, parent education events, as well as parent-teacher conferences. Any parent wishing to contribute time, expertise, or money to the schools has ample opportunity, and should start by contacting the school site parent group president or a member of the Hillsborough School's Foundation. Information is also available on the district website:

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.00	0.00	0.00	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

Safety is our number one priority in the Hillsborough City School District school community. We focus on maintaining safe and caring school communities where all students and families feel welcome, valued, and respected. When students feel safe at school they can focus on learning.

The Comprehensive School Safety Plan, developed in conjunction with the San Mateo County Office of Education and City Services, includes disaster preparedness and emergency procedures, and provides the basic guidelines for responsibilities and procedures needed to address major emergency situations. This plan is updated and reviewed with staff annually.

HCSD has a District Safety Committee, the committee is responsible for keeping the Incident Command System organizational chart current, attend disaster preparedness trainings, and be the liaison between the District Safety Committee and Site Safety Committee. At the site level, the Safety Committee is responsible for maintaining emergency backpacks for each classroom, inventorying the emergency shed, and reviewing Big Five Protocols with the staff. At the site level, the Safety Committee is responsible for maintaining emergency backpacks for each classroom, inventorying the emergency shed, and reviewing Big Five Protocols with the staff.
The safety plan was reviewed with staff on 8/16/2021.

2020-21 Types of Services Funded

The district expenditures from the general fund provide high-quality educational programs for all students, including special populations such as students receiving Special Education services, English Learners, and students identified as Gifted. All basic educational needs such as instructional materials, personnel, staff development, technology, facilities, and maintenance are adequately funded. Federal and state funds are used appropriately and as required. Through additional funds supplied through the generosity of our parents and the larger community, we are also able to provide lower class sizes, curriculum specialists, foreign language programs, additional counseling services, and other enhancements to programs. Resources are allocated based on the assessed learning needs of students.

Professional Development

District Overview:
Each year the district offers training to its new teachers before the start of school and continues with specific new teacher support for the first year. Participants in the BTSA (Beginning Teachers Support and Assessment) program receive support for two years through HCSD and the SMCOE. Generally, the district provides three full days of professional development for teachers each year (August, October, and March) and supports the continual professional growth of teachers through grade-level and department-specific professional development throughout the year. Teachers participate in off-site professional development opportunities on a regular basis, and expert coaches and consultants work with teachers, on-site as well. The district encourages veteran teachers to continue professional growth through its HIP (Hillsborough Incentive Plan) Program and by providing support for teachers who wish to become Nationally Board Certified. Compliance training for certificated and classified staff, such as CPR/First Aid, is held as needed. Specialists are provided training relevant to their assignments and training occurs any time new standards or materials are adopted. Instructional minutes are added throughout the week to allow for early release Thursdays. Thursday afternoons are available for both school site and district staff development or collaborative workgroups. This is in addition to the weekly teacher, grade-level, and/or departmental collaborative time provided in the schedule. The administration and staff maintain a mutual support system, with close communication and strong cooperative planning. During the 2018-2019 and 2019-2020 school years, a Science Advisor role and a part-time Educational Services TOSA were being utilized to support curriculum implementation and student growth. During the 2021-2022 school year, two Instructional Coaches are being utilized to support individual teacher curriculum and instruction support and to provide a resource for district initiative and curriculum implementation.

District Specific:
During the 2019-2020 school year, the HCSD provided professional development to teachers in the areas of Reading/Language Arts, Mathematics, Science, and Multi-tiered System of Supports. Additional professional development was provided in March 2020 on the use of digital tools as the district shifted to Distance Learning in the wake of the COVID-19 pandemic. As needs arose, opportunities were provided to support the ongoing needs and growth of staff.
During the 2020-2021 school year, the HCSD provided professional development on the use of digital tools, including those to support data and assessment, as the school year started in Distance Learning. Additionally, professional development in line with the District's Diversity, Equity, and Inclusion goal will be provided in Spring 2021 along with training and workshops on trauma and educator/student wellness. Professional Development connected to specific curricular areas and topic were provided to staff and will continue to be provided throughout the year as needs arise.
During the 2021-2022 school year, the HCSD provided professional development on supporting gifted students, a Multi-Tiered System of Support, Universal Design for Learning, mental health, and understanding gender identity. Additional professional development focused on particular curricular areas, teaching practices, and diversity, equity, and inclusion-related learning will be provided based on identified needs. Professional development around COVID-19 safety procedures is also provided as needed.

South School Specific:
At South we hold professional development as a priority, and have strategies in place for communication and collaboration between and among colleagues to ensure success for all students. Collaborative times are provided within the week's schedules to allow opportunities to examine student work and assessment data to formulate differentiation strategies and coordinate curriculum. These collaborative opportunities are afforded as students work with specialists in music, physical education and library science. Professional development in foundational skills and Multi-Tiered Systems of Support will occur throughout the year. Thursday afternoons are relegated to cross-grade, multiple-grade, and vertical planning groupings wherein we will articulate best practices, share research-based strategies and plan to build alignment of our K-5 writing practices. In the 2021-2022 school year, South teachers have had access to expert coaches and interventionists to fine tune practice and provide more differentiated opportunities for students.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
