EXECUTIVE SUMMARY

Districts are required, twice each fiscal year, to present Interim Financial Reports to the Board of Trustees so the Board may certify the District will be able to meet its financial obligations for the remainder of the fiscal year and subsequent two fiscal years.

The following reports are provided to assist in making this positive certification: 2019-20 Second Interim Report of General Fund Summary with Actuals as of January 31, 2020; summary of changes made since 2019-20 First Interim, General Fund Multi-year Projections for fiscal years 2020-21 and 2021-22, as well as Cash Flow projections.

The second interim budget projects 4.5% assessed property value increase into 2020-21 and 3.0% into 2021-22.

Revenue increase includes property taxes valuation, Parent Group, Student Council, Field Trip funds, and other school site budgets. 2019-20 P-1 Property Taxes report indicates an increase of \$33,503 from First Interim. Site budgets increase total \$42,114, which will be spent on various programs as the money was intended for within the current fiscal year. State revenue increases include the one-time Early Prevention for Special Ed Preschoolers in the amount of \$63,070 that comes to the District as Unrestricted General Fund, \$23,031 STRS excess refund, as well as 18-19 \$9,614 Mental Health Reimbursement from SELPA.

There are adjustments on expenditure budgets on personnel cost, supplies, services and operation costs, capital outlay, as well as other outgo from General Fund as Interfund Transfers. This budget projects the same staffing level for the two subsequent years as in the current year.

As a result of 4% salary increase for 2019-20 negotiation settlements, certificated salary was increased by \$532,056, classified by \$20,147 from the relatively high budget during First Interim, and employee benefits by \$74,457. There are some adjustments to Books & Supplies to align with year to date and projected expenditures, resulting \$17,799 in savings. Services & Operating budgets increased by \$13,797, mostly for site Field Trip funds. Capital Outlay budget was increased by \$45,534 from First Interim to account for the purchase of a maintenance vehicle as well as a lawn mower this year.

Other outgo budget increased by \$72,340, of which \$64,385 was the increase of General Fund contribution to Fund 20, OPEB. The General Fund Ending Balance decreased by \$589,744 from First Interim. Ending Balance for Fund 20 is projected to be \$1,336,395.

For Fund 21, Building Fund, \$61,000 was moved from Capital Outlay for building improvements to supplies for the District-Wide pilot cooling project.

With conservative revenue projections and assuming no FTE reduction in future years, the District's General Fund shows deficit spending for current year and two subsequent years. However, the District is closely monitoring enrollment for potential FTE reduction as a result of declining enrollment, which will result in more savings. With this, in addition to the District's strong reserves in both Fund 01, General Fund, and Fund 17, Special Reserve Fund Other than Capital Outlay Projects, the District is able to meet its financial obligations for the current fiscal year and subsequent two fiscal years. Therefore, it is recommended the Board approve this 2019-20 Second Interim budget with a Positive Certification.

Part I - General Administrative Share of Plant Services Costs California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributed to general administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as proxy for the percentage of square footage occupied by general administration. Salaries and Benefits - Other General Administration and Centralized Data Processing Α. 1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702) (Functions 7200-7700, goals 0000 and 9000) 1,146,508.00 2. Contracted general administrative positions not paid through payroll a. Enter the costs, if any, of general administrative positions performing services ON SITE but paid through a contract, rather than through payroll, in functions 7200-7700, goals 0000 and 9000, Object 5800. b. If an amount is entered on Line A2a, provide the title, duties, and approximate FTE of each general administrative position paid through a contract. Retain supporting documentation in case of audit. B. Salaries and Benefits - All Other Activities 1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702) (Functions 1000-6999, 7100-7180, & 8100-8400; Functions 7200-7700, all goals except 0000 & 9000) 25,135,922.48 C. Percentage of Plant Services Costs Attributable to General Administration (Line A1 plus Line A2a, divided by Line B1; zero if negative) (See Part III, Lines A5 and A6) 4.56% Part II - Adjustments for Employment Separation Costs When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs. Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool. Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool. Normal Separation Costs (optional) Α. Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that

B. Abnormal or Mass Separation Costs (required)

Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero.

Part IV - Carry-forward Adjustment

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.

S9. Status of Other Funds

Analyze the status of other funds that may have negative fund balances at the end of the current fiscal year. If any other fund has a projected negative fund balance, prepare an interim report and multiyear projection for that fund. Explain plans for how and when the negative fund balance will be addressed.

S9A. Identification of Other Funds with Negative Ending Fund Balances

DATA ENTRY: Click the appropriate button in Item 1. If Yes, enter data in Item 2 and provide the reports referenced in Item 1.

1. Are any funds other than the general fund projected to have a negative fund balance at the end of the current fiscal year?

No	

If Yes, prepare and submit to the reviewing agency a report of revenues, expenditures, and changes in fund balance (e.g., an interim fund report) and a multiyear projection report for each fund.

2. If Yes, identify each fund, by name and number, that is projected to have a negative ending fund balance for the current fiscal year. Provide reasons for the negative balance(s) and explain the plan for how and when the problem(s) will be corrected.

Page 25 of 26
